The Commission has decided to terminate the matter pursuant to s.39(1)(e) of the Health Care Complaints Act, 1993.

I enclose an investigation report and draft copies of the Commission's letters to both the complainant and the practitioner advising of the outcome for the purposes of notification and consultation pursuant to s.38 and 39(2) of the Act.

Your early advice regarding finalisation of this matter would be appreciated.

Yours sincerely,
