

MEMORANDUM

TO: David Swain, Head, Legal Team

FROM: David Harris, Legal Officer

MATTER: Complaint concerning Dr Rollerto

FILE NO.: 98/01035

ISSUE: Inability to notify object

This file was only found in my pigeon hole on Friday, 4 September 1998. I don't know when it was put in there but have checked the pigeon hole a number of times each day without previously seeing it. Despite a letter being sent to the complainant, no notification was sent to the respondent. The notification is now overdue.

I have today attempted to prepare the relevant notification (copy attached) but there is no doctor by the name of either Rolleto or Rollerto or any other similar name in the Medical Directory of Australia. Of course, it is not possible to send a notification to someone who can't be identified. As I am now on 2 weeks holiday, I return the file to you.

David Harris
4 September 1998.
