SUMMARY OF DISCUSSION WITH SOLICITOR REGARDING MR. AOA

12/7/96

Mr. McKay met with Mr. AOA's solicitor in Canberra. It is Mr. McKay's clear impression that Mr. AOA's solicitor understands the School's constraints and also understands the situation described in the briefing notes.

Mr. AOA's solicitor will negotiate with him for a qualified apology but believes that Mr. AOA must participate in that process personally, rather than the wording be developed between solicitors.

Mr. AOA is currently overseas and the Board of Management therefore now awaits the first attempt at this apology, which will be forwarded to Mr. McKay as soon as possible.
