Dear Sirs

THE HUTCHINS SCHOOL

We refer to previous correspondence in this matter and in particular the telephone conversations between Mr Mackay of your office and Ms Proctor of this office.

We note that you were to make arrangements for a meeting and that you had anticipated being in a position to do that in the near future. We note that we have had no further communication from you.

We note your proposal of 3 May 1996 that there be a meeting with the headmaster and other board members and yourself as soon as possible. We note that we indicated that our client agreed in principle to such a meeting.

Our client wishes to have this matter resolved as soon as possible. If you still wish to have a meeting our client remains agreeable. Our client is willing for such a meeting to be conducted in his absence and for the writer to attend the meeting so long as our client can be available to give proper instructions to the writer. Therefore if the meeting was to take place in Tasmania at your client's expense then it would be necessary for you to fly our client and the writer to Tasmania. Alternatively if you, the headmaster and the other board member wished to meet in Canberra please notify us.

In any event our client wishes to effect some resolution of the matter sooner rather than later and if it is not your intention to have the meeting in hopes of resolving it our client will pursue the course of action already outlined to you.

Yours faithfully
