Sandy Bay

Dear Sir,

I write to request a meeting, or any other communication deemed suitable, in order to progress resolution of certain personal events that occurred whilst a student at Hutchins during the headship of David Lawrence.

It may be the case that any initial meeting and/or communication could deal with finding a mutually acceptable systemic structure and/or framework in which issues could be progressed.

Thanking you in anticipation of your co-operation in this matter.

Mines faithfully

AOB
