FROM THE HEADMASTER

26 April, 1995

Dr. John Isles

REDACTED

Dear John,

Following our conversation at the Tasmanian Club last month, I wonder if you would be good enough to send me a document which contains your written advice to the Board concerning how to proceed with the matter of Mr. AOA.

The Board would fully recognise your professional confidentiality, but I think would need to hear from you in writing your recommendation to me that we should proceed in a certain way regarding Mr. AOA.

Please don't hesitate to telephone me if you would like further clarification of this problem.

With best wishes,

Yours sincerely,

J.M. BEDNALL
