**Grooming Behaviour**

**(FOR NOTING)**

The Hutchins School has a significant set of policies and consequent procedures relating to matters of inappropriate behaviours: harassment, bullying, grievances, mandatory reporting, kindness behaviours and reporting allegations of child sexual abuse. One specific policy related to the behaviour of 'grooming' - related mostly to sexual behaviour – is put before the Board for ratification to add to

the suite of policies already in existence. I recommend its ratification and adoption as a Hutchins school policy by a motion from the Board. *Attached as Appendix III*
