Hari Om Swami Hridayananda,

I am sending scans of the photos of Mangrove in the early days that I have. Just as a bit of a memory test can you identify which names belonged to whom in those days.

The names on the backs of the photos include Hanuman, Rama, Hans, Surdas, Ivan, Shradananda, Vyasa, Gopal, Krishna, Sashi, Mackar Dwaja, and Gautam. All pre-sannyasa names I believe.

Anyway it is a bit of a trip down memory lane looking at them now. So many years ago.

Om,

Bhakti
