

I think all the
muses are all being
sent out to centres.

I can't be bothered
to explain much more
if you are interested
I might write some
more on this subject
another day
good night

31.12.85.

Today is the last day
of 1985 and your not
here to enjoy it with us. But
I know you will still have a
good time. I have expressed
many emotions and had
many thoughts these past
few days as you may
have guessed it was
all on the days that
you have gone. Each
day I feel happier and
happier I'm getting used
to it without you. I am
not going to leave because
I know that if
I do

I will be wasting a life which I will never be able to grasp again. I really and truly know that you did not run away. I suppose even though it will be hard for us at the beginning it will be better in the long run (when ~~where~~ we're enlightened or us) Jace! If I really think about I know that we were far too attached to each other - you & the kids. I feel sorry for swamiji I'll tell you something

that he said, he said 'as a friend you were his dearest, as a student you were the best'. He has heaps & heaps more work to do now as you have guessed. Well, I hope whatever has to be done so that you can come home ~~quicker~~ can be done faster than normal. Swamiji told us to do meditation for you every night and pray all day. He said because we are

young and innocent it
~~was~~ will help a lot.
