Miss CJG

REDACTED

Dear Miss CJG

FUNDING FOR PSYCHOLOGICAL SUPPORT

The incident at Wagga and subsequent court hearings which occasioned you some psychological distress in 2013 is to conclude in December 2015. After the sentencing pronouncement, I wish to advise that any Commonwealth funding for support counselling will cease effective 31 December 2015.

Therefore, I thought it important to advise you that if you believe that the requirement persists that you as a NSW resident should contact NSW Health for the provision of psychological support. In addition, you may be eligible for compensation under the Military and Rehabilitation Compensation Act. For further information, please refer to www.dva.gov.au

If you wish to discuss the contents of this letter particularly if you require advice on access to compensation, please email FLGOFF Jo McMutrie in the new year at CB-AF.Admin@defence.gov.au

I wish you all the best for the future.

Yours sincerely

TC DELAHUNTY, AM
