Memo

Black itation
Cyn on page 3107.

The pilgrimage
infused upon
me - It has
been a rather
awkward week with
the usual dramas
that accompany my
leaving - Puy's visit
and the protest against
the Frank Party has
brought the church
right into the heart
of the community.

2) Strength and Romesh
So the parking in a
new Backpack - C is
such a character -
imparting in her
sophistications - yes
always there on duty
and giving the best -
saveval any in wishy
as well. A serious
discussion in my study
with the boys - re responsibility
etc. I am informed that
the talk is unnecessary

3) Reavell exits and
we are away - He talks about
his work as a security guard
and how this affects the youth
in Wales - We arrive at the
airport and chat some

As Idris is a strange
civilian - it is as if
passer did not matter -
communication is all a
+ the vision of mission
