

No 6 of 1975

Bishopscourt,
NEWCASTLE 2300.

AD CLERUM

4th April 1975

My dear Brother,

Institution at Gateshead

The Revd George Parker will be Instituted as Priest-in-Charge of Gateshead Experimental Pastoral Area at a Eucharist at 7.30 p.m. on Wednesday, 30th April 1975, and at this service the official launching of the new Area will take place.

Australian/American Association - Coral Sea Sunday, May 4th

Australian-American Week Celebrations commence this year with Coral Sea Sunday, 4th May. This Association is again arranging for special Church services to be held by all denominations on this day.

The President and Council of the Association would be deeply grateful if you would again co-operate by having special prayers said in your parish for international peaceful co-existence, the main objective of the Association.

Appointment of Architects

When a parish has in mind appointing an Architect to carry out any project as is required by the Ordinances; experience over the past twelve months leads me to insist that I be consulted about the Architect prior to any commitment being made by the parish. The Diocesan Architect is, of course, Mr Brian Suters, but this does not mean that Mr Suters has a brief to carry out all diocesan work. It would, however, enable me to consult with him about the qualifications and experience of the Architect who is being considered.

With every good wish,

Yours sincerely,

+Ian Newcastle
