

240134 FILE NOTE (2) 29 APRIL 2004

MATTER: ADRIAN NISBETT

CLIENT: KNOX GRAMMAR SCHOOL

I telephoned John Weeks. I left a message to call me on his Secretary's voicemail.

I telephoned again and spoke with the Relieving Secretary, Gillian. She told me he was in a meeting, then he had to leave the School. He would be back after 5pm.

I left my name.

John Weeks left a message on my mobile just before 5pm.

I rang him just after 6pm and informed him that a new allegation had been made by Adrian Steer. I gave him the general context of this allegation. We discussed the need to provide this to Adrian Nisbett as soon as possible as, at this stage, the only time I can interview him is on Tuesday morning.

We agreed that there was nothing about his current behaviour that caused us concern about his well-being.

I will prepare a further letter of allegation. I will telephone Adrian Nisbett tomorrow and inform him that the letter is ready. I will then take it to the School and leave it with Gillian so that he can collect it.

I asked about Stuart Pearson's Report. John Weeks continues to search for it.
