

240134 FILE NOTE 27 APRIL 2004

MATTER: ADRIAN NISBETT

CLIENT: KNOX GRAMMAR

Norrie Cannon left a message on my mobile voicemail saying that he had spoken with Tim Hawkes and had something to report. He was hopeful of speaking with Adrian Steer later today.

I telephoned Norrie Cannon just before 8pm.

He has spoken with Adrian Steer. Norrie Cannon believes it would be good for him to talk to me. There was an incident Adrian Steer was involved in. It impacted on his life. Similar things happened with other boys. He mentioned the person I am investigating without Norrie using the name.

Adrian Steer will speak with me face to face. Norrie Cannon has not given him my name. I should use Norrie Cannon's name by way of introduction. The mobile number Norrie gave me is the best number to use.

Norrie also spoke with Tim Hawkes. Boys and staff reported an incident in a darkroom – leaning against, brushing, rubbing. He couldn't mention (recall) names, it's so long ago. As a Headmaster (Kings), Tim Hawkes feels there is little tangible to be gained from talking to him.

I thanked Norrie Cannon for his assistance.
