Dear Dr. Paterson,

Owing to personal reasons and a strong desire to spend more time with my family who live in the country I should like to tender my resignation. This will enable me to spend more time with my family whom I spend too much time from because of my work here at Knox.

I understand that one months notice is usually given, but given my personal circumstances I am hoping you will grant me an exemption to this on compassionate grounds. I hope this does not inconvenience you or the department too much. It would be desirable for me to finish my teaching on the Friday 20th, October.

It is with some regret that I leave Knox, but at the moment my family need me as I need them. For the most part I have enjoyed working at Knox immensely and thank you sincerely for the opportunity given to me.

It is with greater regret that I have let you down in several incidents and I thank you very much for your support over these last three years. My respect for you remains totally undiminished. I wish you and the School the very best in the future.

I would also like to add that working closely with Rev. Godfrey has been one of the constant highlights of my experience at Knox.

Your Sincerely

C. Fotis
