Dear Dr Paterson,

Thank you for your proposal as described in your letter of 16 December. I appreciate your generosity - and your confidence in me - and I accept your proposal with pleasure:

- a) Sport - yes, though I would appreciate being relieved of sport in Term 4, as this is a very busy period for the Grammarian,
- b) Grammarian - yes,
- c) "back-up" to you in administrative matters - yes, please! Don't forget this one! I want to remain near the centre of things, and fully involved.

I presume the \$3500 will be simply added to my salary, i.e., not paid as an allowance?

Thank you again,

Best wishes,

Alan
