TO WHOM IT MAY CONCERN

I have known Roger JAMES for many years and have worked with him over the past four years at Knox.

He is a teacher who is happiest when working closely with boys, who tend to relate very strongly to him. He has given prodigious amounts of his time to boys outside the classroom - on the rugby field, the cricket field, in the cadets, on holiday excursions, or in his office just talking and listening. Mr. James has the gift of striking a rapid and easy rapport with boys of all ages and types.

He has been a popular teacher at Knox and will be missed by many when he leaves at the end of this year.
