I ned to meet with Peter again this afternoon about 3.30 pm.
One subject for discussion is Williams.

Please chase the AIS on the subject of Williams ...

- 1 How do people employed by the School on a part-time basis plug into the Award
- 2 How do part-time students plug into the Award.
- 3 What are our options for getting rid of Williams.

He has said in a letter to Rex, dated August 12, 1998 that all he asked the School to do was to transfer him to another Boarding House (see "A" which will be handed to you).

He was also given vary fair instructions to "not interact with the boys in Gilmour House". In fact told to do three things outlined in "B".

There was a letter nearly a year later from Ian Paterson reiterating the instructions and advising that he was to terminate his employment which had been told to him earlier "C".

In letter "D" 9 August 98 he made further request to go to the House from which he had been expressly instructed to keep away from, and

"E" 18 November 1998 his termination from the boarding house was confirmed.

- 4 Please go through the boarding house organisation chart which you have kindly prepared and indicate whether or not each of the residents is Award free, and if so on what basis.

Could you please copy the Attachments "A, B<C<D<E" for me.
