Re: Nick WILLIAMS

I lived in Gyllopie House with Nick WILLIAMS in 1997 and 1998, where we were both residents tutors.

I am aware from conversations with Norma CANNON, Nick WILLIAMS and from attendance at a meeting between the below described persons that Nick WILLIAMS had been directly verbally and in writing to:

- ① not have students from other boarding houses in his room
- ② not converse with students in the other boarding houses
- ③ not take students from boarding houses on social excursions without permission

I am aware from conversations with Nick WILLIAMS, house masters, other residents tutors and students that Nick WILLIAMS displayed these instructions on numerous occasions.

I have been told by Marie CAMMON and
 Neil WILLIAMS that these directions were issued
 to protect Neil WILLIAMS and the school from
 the perception of pedophilia, that had been
 suggested by numerous students' and at least one
 parent, regarding Neil WILLIAMS.

at no time was it ever ^{stated} ~~suggested~~ ^{not} that Neil
 WILLIAMS was a pedophile however the suggestion
 was bandied around Gillespie House by the
 students.
