Dear Nick,

Further to our conversation regarding your interaction with Gilmore boys, I now write formally to instruct you that you must not interact with the boys in Gilmore House.

That is :

- * you cannot enter the boys' areas in Gilmore House;
- * you cannot take them out in ;your car or on excursions without my permission;
- * you cannot, under any circumstances have boy/boys from Gilmore in your room.

Whilst your intentions are always genuine and good, I was extremely disappointed with your actions over the weekend when you illegally overcrowded your car and took boys to the fireworks at Prouille without my permission, and further, that you allowed Gilmore boys to watch television in your room.

I very much value your friendship and good work in Gillespie, ;however, your actions jeopardise my position as Senior Boarding Master and leave both of us in a vulnerable and potentially litigious position.

Yours sincerely,

Norrie Cannon
