

9 November 96

Dear Dr Paterson,

Re Nick Williams

Further to our conversation on Saturday.

I again write to express my concern regarding Nick's continuing obsession with involvement in Gilmore House

Alarm bells have been raised by the School 1 Head to you, Julie White to me following parent comment and Yr 10 boys to me.

Despite extensive counselling by myself and Wayne Hayes, Nick has continued to liaise with Yr 7 boys ultimately resulting in the attached letter Oct 97 and Nick being placed on probation for the start of 98.

Unfortunately I again find Nick liaising with Yr 6 & 7 Gilmore boys, both having them in his room to play on the computer and over at Gilmore. - contra to my direct written instructions as approved by you.

Further he is even questioning my right to instruct him on how to behave in his "free" time - it is Phil & the Heads decision, attitude!

My motives are in the interest of the good name of Knox broadly & also in ensuring Nick does not again publicly become branded.

I seek your support on the appropriate next step!

Yours sincerely
Norrie Cannon

Encl.
