Subject: Nick Williams

As per our previous discussions, I write to inform you that Nick Williams, a resident of Gillespie House, has been advised by Dr Paterson his services would not be required in 1999. Despite this advice Nick, as per e-mail, is insisting he return for 1999. I also understand from other residents that he has indicated he intends to sue the school. There is a full file of correspondence in the Headmaster's office held under Resident Staff.
