Understanding more about child sexual assault

In 2014 and 2015, Bravehearts provided a 1 hour child protection presentation to each Little Athletics State Association as part of the State's annual conference.

The 1 hour presentation was designed specifically for Little Athletics Australia and provided introduction to the following topics:

- The prevalence of child sexual assault, abuse and neglect in our society
- How to recognise indicators of harm in children
- The effects of trauma on a child's development
- Tips for how to respond to a disclosure and report concerns
- How to recognise and respond to grooming behaviours

Each of the presentations was contextualised to the relevant State's laws and took into consideration LAA child protection policies which Bravehearts assisted to develop.

Linking this important educational message with the State Associations Conferences enabled Little Athletics to achieve maximum coverage of their significant volunteer population.

Participants:

- LAA employees
- Volunteers

Sessions dates:

| | |
|------------------------------|-----------------|
| Queensland | 14 June 2014 |
| Australian Capital Territory | 15 June 2014 |
