

23 March 2004

FILE NOTE**Dr John Rolleston (MPO 085512)**

Rebecca Forbes advised me not to send the Commission my letter dated 23 March 2004, seeking information on the complaint by Mr ^{AWH} against Dr John Rolleston and whether the Commission had obtained further particulars and a Statutory Declaration from Mr ^{AWH} due to the current status of the Commission. She suggested that I call the Investigation Officer and seek verbal advice.

I contacted Angela O'Gorman, Investigation Officer. She advised me that she had made another attempt to obtain such information from Mr ^{AWH} however this had not been successful.

She said she would pull the Commission's file so that she could advise me exactly what day it was that the Commission contacted Mr ^{AWH} and then closed its file. She said that this would take her approximately one week.
