AWG [REDACTED] telephoned concerning Dr Rolleston. He had heard Dr Rolleston was seeking to be re-registered and wished to make a complaint against him. He said 17 years ago when he was 14 he attended Dr Rolleston his family doctor for a sore throat. He said Dr Rolleston wanted a semen sample and assisted him to do it. He believed that ~~this~~ other complaints had been made of this nature against Dr Rolleston.

I advised Mr AWG [REDACTED] to put his complaint in writing. I further advised that Dr Rolleston was conditionally registered.
