Tues 9 April – about 8pm

[BZB] spoke to Bec, Jen + Ali  
at the studio.

Said she had found some disturbing things on Grant's computer. She had been worried for some time that he might be having an affair because of how secretive/possessive he was of his computer. It started up by itself and she looked at it and saw an instant message stream with a mother and her child. It was a bit difficult to tell what was actually going on in the conversation because it was with the two of them

Bec, Ali and [BZB] left the studio about 8.30 for Bec's house and called her parents to come over [illegible] and look at what [BZB] had printed out and try to decipher what was going on. [BZB] and Ali went to went to [BZB]'s house about 9.00 to collect his computer. In and out in about 10 mins. Put computer in boot of Ali's car.

Robert and Susan arrived at Bec's house and they spoke about things. Called John to appraise him of the situation. Called John again to see if he would join Robert in speaking to Grant.

about 10pm John and Robert met with Grant at the studio (classes had finished and it was empty). John supported Robert in confronting Grant about the inappropriate material that had been discovered and seeking any kind of explanation. Grant was angry and anxious and defensive, denying that he had done anything wrong and accusing us of try to trap him into making admissions. He kept demanding to speak to [BZB], to Rebecca, asking where his computer was and demanding it be returned. He kept insisting that if he kept

teaching and could speak to [BZB]  
we could work it all out, but Robert  
and John insisted that he cease  
teaching any any involvement with  
the studio immediately, that he  
stay somewhere else that night so  
[BZB] and [CAH] could go home and that  
he accept his computer would not  
be returned. Finally after about  
two hours he agreed. Grant pleaded  
to be allowed to briefly return  
home to collect a change of clothes  
and the things he would need to be  
away from home. Robert called to  
check [BZB] wasn't at home and  
agreed.

[BZB] stayed with Bec + Ali  
overnight. [CAH] stayed with Jen  
and John. Grant stayed at a  
[illegible]

Next morning [BZB], Jen, Bec Ali  
Robert and Susan met at the  
school cross country about 9.30

Gathered at Jen + John's place about

10.30 to decide what to do next-who they needed to call – how it should be reported and how to best protect the kids. They called John to seek his opinion as well.

About 11.30 began calling DOCS. They were redirected and put on hold a number of times over about two hours before being instructed to see Burwood Police,

About 1.30 Bec, [BZB] and Ali went to Burwood Police and were taken to see Detective Power. They handed over the computer. After a time Bec + Ali went to the studio while [BZB] was being interviewed.

About 5.30 [BZB] called Ali to pick her up.

Grant had nothing to do with RG DANC from this point on. He was not told we had been to see the police and over the following weeks he made repeated requests to patch things up, to return to teaching, to have his computer returned etc.

\* Grant arrested on the night of

Friday 17<sup>th</sup> May.
