The X15's were spoken to as they worked at the Bexley Boys Home from 1973 to 1976. The aim was to ascertain whether the X15's could identify the full name of Mr X6 and [REDACTED] [REDACTED], both referred to by ET as having sexually assaulted him.

The X15's had no knowledge of the names of either X6 or [REDACTED] although they recalled them being at the Home. Ron mentioned he would be surprised if Mr X6 was still alive due to his age (in his 70's old in 1974). Ron claimed not to have had much contact with Mr X6. He believed [REDACTED] was a cook at some stage at the home.
