AUA was not a victim and does not recall watching pornographic movies in TRELOARS room nor his he aware of anyone who did. However, he heard rumours that other students would go into TRELOARS room and watch horror movies. AUA stated that he thought TRELOAR was a bit weird, in that he used to have heavy metal posters on his bedroom walls and used to worship Saitan with his red sports car having the registration 666.

AUA stated that the teachers who were involved in the cadet core were very weird naming VANCE and DEGATARTI. AUA stated that these teachers used to watch the boys showering when on camp which he thought was creepy. He recalls REDACTED was close to VANCE and may have information on him.

AUA recalls another man who worked at the school, but was not a teacher by the name of "CROWBAR" this was his nickname and his unsure of his real name, however states that he was very close to VANCE.

AUA recalls hearing about an incident which he believes involved FOTIS. He stated that he believed that FOTIS fondled a boy in the dorm and the next day FOTIS left the school and hasnt been seen again since.

AUA stated that because his father was REDACTED at he school, he used to heard lots of stories about teachers and students, and suggests police speak with his father as he believes he will have useful information regarding Knox.

AUA s willing to make a statement, however due to his knowledge being based on rumours, police will not be obtaining one.
