STATEMENT OF A WITNESS

In the matter of: Knox Grammar
Place: Hornsby Police Station
Date: 20 March 2009

Name: ATY

STATES:

1. This statement made by me accurately sets out the evidence that I would be prepared, if necessary, to give in court as a witness. The statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I will be liable to prosecution if I have wilfully stated in it anything that I know to be false, or do not believe to be true.
2. I am 38 years of age.
3. I reside at a location known to police. I reside at this location with my wife and children.
4. I attended Knox Grammar Senior School located at Warrawee between 1983 (year seven (7) and 1988 (year 12). I resided at the school in the capacity of a boarder for years seven and eight (1983-1984) in Gilmore House(1983) and Gillespie House (1984). I became a day student between the years of 1985 -1988. During 1984 I had a Boarding Master by the name of Craig TRELOAR. The boarding house housed approximately 40 students. As a boarder at the school we had set rules to abide by. For example a bed time, meal time. The times of our activities were scheduled. I would describe Gillespie House as being what appears to be a two storey converted old school house. There was a main dorm part which consisted of about twenty beds and other smaller dorms with about six beds. I can recall that Mr TRELOAR's room was located upstairs on the eastern side. There were two boarding master's room side by side rooms. One was Craig TRELOAR and the other Boarding Master Richard CRAMP or similar.
5. In 1984 (year eight) I can recall that Mr TRELOAR made a comment regarding a task to be done and say, "The last one..... Would have to wank me off". For example, "The last one to bed, or the last person to do a certain task". I thought that was odd behaviour but being thirteen years of age I also thought this may have been normal behaviour to a degree. This incident

happened when I was with a small group of students. I can't recall the students with me at the time. He had made the comment loud enough for everyone to hear. I don't recall discussing this actual incident with anyone, including my fellow students. I believe that he made the comment in a joking manner however with a hint of reality and truth. (As though he wished to disclose something which he had attempted to disguise as a joke in case that it backfires)

6. Sometime in 1985 I visited the Boarding house during holidays with my friend REDACTED who had also been student at the school. There were no other students residing at the school at the time. We had just turned up and went to see Mr TRELOAR in his rooms. I can recall part of the conversation. Mr TRELOAR said something similar to, "I bought alcohol for REDA REDACT" who was a year eight student at the time. He didn't go into any other details of where it was consumed etc. I can recall thinking that was not only unusual but clearly wrong. I would describe Mr TRELOAR's residence as being a space partitioned into a living area and a bedroom. It was a very small room that consisted of, when walking in there was a orange or similar lounge on the left and an audio visual system on the right. So you would sit on the lounge and watch the videos opposite. Beyond that there was some form of partition where his bed was. I have never been to that section of his room. I can recall that he was into horror movies. There may have been a horror movie poster or similar on one of the walls within the living area.
7. In early March, 2009 I had cause to be in contact with a male by the name of REDACTED I can recall that RED was also a boarder and a friend at Knox whilst we were in year eight. I spoke to him to inform of the current media regarding Craig TRELOAR. I did so as I recall that RED had left the school quite abruptly and that I had just wished to let him know. I had a phone conversation with RED who told me, "I used to watch pornographic and horror films in Treloar's room regularly and that on one night after watching a horror film called "The Hand" in Treloar's room, I went to bed in my dorm area and a hand reached up from under my bed and it scared the crap out of me, so much so that I remember it vividly. It was Treloar hiding under my bed". He also said, "that I wasn't a victim". I then passed on the contact details of Hornsby Police Station to RED I hadn't spoken to RED for twenty five years and didn't wish to pry into his life and I left it as that.
8. I can recall that school yard rumours about a teacher by the name of Mr NISBETT. The common wisdom passed along was that you should never go alone into the photographic dark

room with Nisbett. I can further recall that there was a rumour going around the school about a teacher by the name of VANCE who was involved in an incident with a boy. VANCE was the coach of the swimming squad's. I was in the swimming squad at the time where one day I was walking towards the pool (located within the school) in my speedo's and VANCE said, ATY you have a small dick". I made no comment and continued on to the pool.

- 9. When I was in possibly year 11 or 12 I can also recall that there was a rumour going around the school of a boarding master at the school at the time. I believe that he was a replacement teacher or similar and that he had been involved in an incident within I believe Gilmore House, that he was caught or chased wearing a balaclava trying to touch boys in their beds. I can not recall his name. I have a very vague recollection that his name was **REDA** or similar.
