

Meeting with , DFE

on Thursday 22 August 2013

Present: Dr Andrew Parry, Mr Rob Chandler

Dr Parry informed DFE that he was investigating an incident which was alleged to have happened at Cadet Corps Camp earlier this year. He told DFE that it related to CLC who was one of two boys sharing a hutchie with DFE

Dr Parry asked DFE if he was aware of what the allegation might be. DFE said he was. Dr Parry asked DFE to "describe the events of the evening".

DFE said that he, CLC, and REDACTED set up their hutchie on the first night. He explained that they set up hammocks, with CLC head at the opposite end to his own and REDACTEDs. They had a meal and stayed up late having a chat.

DFE said he thought it would be funny to pour condensed milk on CLC's sleeping bag. Dr Parry asked what they had been talking about. DFE said they were talking "about sexual things but I can't remember what". When asked to try to remember, DFE said "Yeah, we were talking about masturbation. I was 'making noises' with my hands. I squirted condensed milk on CLC's sleeping bag. He said, 'Don't tell me you did that'. He thought I masturbated on him."

DFE said to Dr Parry, "That was the idea, to make him think I did masturbate on him".

DFE said he lied when he told the other boys that he had masturbated on CLC but that is what he told them. "I pretended to masturbate, to ejaculate on him and I told him I did".

DFE said he did not tell CLC that he had not masturbated on him until a couple of weeks ago when he heard the matter was being investigated. He had intended to tell CLC on the *Boys to Men* Program later in the year.
