Dear Mr Spinella,

**NORTHSIDE CHRISTIAN CENTRE INC & ORS** ats  **& ORS**

We refer to our discussion this morning, 22 October 2001.

We confirm that we have received nothing from the Assemblies of God National Executive. We understand in verbal communications with you that their support is not positive and that they intend to take a position by waiting to see the outcome of matters with respect to these claims.

In those circumstances, we now also provide to you a copy of a letter received on Friday afternoon from Herbert Geer & Rundle, solicitors for Ansvar Insurance. As you will observe, the letter indicates that should the issue of contribution not be resolved prior to the mediation then they intend to exercise their right to withdraw as solicitors on the record with respect to matters where their indemnity is limited to only part of the period during which it is alleged that the incidents occurred.

We advise that we have briefed Mr Ross Middleton, Barrister, to appear on behalf of Northside and the individual Defendants at the mediation and a brief is being prepared and will be delivered to him forthwith.

We will also endeavour to meet with the solicitors for Ansvar Insurance to discuss these issues further.

Yours faithfully
