

Child protection investigation – Shalom College Campus

20/2/2006

2 female students located walking along Bruce Highway collected by police and returned to campus after leaving without explanation

15/3/2006

Police called to male student damaging glass panels and not able to be controlled

22/3/2006

Police called male student creating disturbance, aggressive and potential to damage property and injury other persons. (Nil formal complaint made re: damage/assaults etc)

23/3/2006

Police called to campus 3 male students aggressive and creating disturbance. Upon arrival male and female students were noticed to be under the influence of substance. Students stated they had been sniffing petrol from campus mowers when left unsupervised and had placed fuel in bottles around the campus. Phillip KEANE asked to seek assistance with solvent misuse issues. Chris SHIRLEY spoken to by phone and appointment made to address incidents occurring

16/5/2006

A/Sgt Kerr attended Shalom Campus and met with Chris SHIRLEY and Phillip KEANE regarding previous calls for service re: substance abuse and subsequent disturbances. Chris SHIRLEY indicated that he would provide campus staff with training in dealing with disruptive/aggressive students

19/5/2006

Phone call to Rollingstone police from Phillip KEANE that student had kicked in bus windscreen. After discussions no formal complaint made and KEANE sought advice about insurance claim.

24/5/2006

Police called to large disturbance at Crystal Creek campus after KEANE requests assistance with multiple groups of male and female students fighting with each other. Upon arrival students were in anxious state with two girls requiring transport to hospital after being kicked in the arms by male student. Two female students with superficial cuts to forearms. In addition to fresh injuries noted that some healed cuts to arms could be self harm type injuries.

5/6/2006

Rollingstone police attend campus with Police Liaison Officers (indigenous) to speak to students about behaviour, legal issues around behaviour. Included protective behaviours.

On number of above visits by police campus staff including house parents reported students are sexually active with each other and that petrol/aerosol sniffing is occurring. Some reported that Phillip KEANE is aware of the situation and is allowing this behaviour to go unchecked.
