3 March 1997

based on FT FT FT ... (in light of his vacillation

Committal proceedings re Wilson are listed in May 1997. In all the circumstances - stale offence - no corroboration, and weak Crown case, and given X17 medical condition and the attitudinal history of this adult complainant and his present attitude re X17 (not proceeding would be understandable) I agree on public interest grounds that the police be advised that for the present charges ought not be laid.
