Extradition of Gregory Joseph SUTTON from the U.S.

* * * *

Attached for your information is a copy of papers which raise the question of the extradition of Geoffrey Sutton from the United States together with advice dated 15 April 1994 indicating that the Attorney General had referred the matter to the Commonwealth Attorney General for consideration. A telephone inquiry this date with Attorney General's Department, Canberra, indicates some confusion in that there was an expectation by Canberra that the required documentation to support the extradition would follow the State Attorney's request.

In these circumstances the matter is referred for your information and further attention as may be necessary. Detective Sergeant Magann has advised this date that Sutton's location is still known to the US Marshall Service.
