

R -v- George PARKER  
Advising

6 April 2000

Conference between complainant <sup>CKA</sup> [REDACTED] — [REDACTED] and [REDACTED]

Explained process if matter proceeds. <sup>CKA</sup> indicated that he was fully aware that Parker may not be convicted of the offence and even that it may not proceed. His motivation was to speak up and maybe the church would be aware of what occurred.

He advised that he previously complained to the church about the alleged incident. They wrote to him and offered a conference where the matter could be settled without any court/police involvement. He declined to meet with the Bishop following discussions with his Parish Priest. He is to provide me with the letter from the Bishop's office.

He is currently partaking in sessions with a nun. After speaking with [REDACTED] he advised that counselling might be a good idea.

He has a very good memory of the incident. He would make a good witness. Concerning his brother, <sup>CKB</sup>, and his allegations, as he stated, he was 14 years old at the time and placed no meaning on things he saw. He can corroborate the allegation made by his brother <sup>CKB</sup>, that during the trip in the car, Parker kept reaching to the back seat of the car. <sup>CKA</sup> never thought anything of it.

He advised that his father is aware that he has made the complaint and although he does not remember a great deal from such a time ago, he will assist if required.

I have yet to speak to <sup>CKB</sup> who resides in Tamworth.
