TO WHOM IT MAY CONCERN

This is to state that I have known [ARH] as a teacher at Knox Grammar School since his appointment in January 1992, from Brisbane Grammar School. His CV will detail his experiences and responsibilities.

Mr. [ARH] is hugely oriented to the welfare of his students. He has an impressive empathy with them, is generous with his time, and is most patient. With this, he has firm standards, bringing students to higher levels of development, involvement, productivity and responsibility. These qualities are most evident in his leadership of the boys' committee working to produce the mammoth "Knox Grammarian" each year. An adept photographer, Mr. [ARH] has snapped many memorable pictures of boys engaged in the activities of schooling.

Mr. [ARH] is a "schoolmaster" in all that that word implies about professionalism, about commitment beyond the call of duty, about devotion, and about vocation. Mr. [ARH] embodies reliability, thoroughness, responsibility, and a sheer professionalism that puts guided student growth ahead of all else.

It almost goes without noting, that Mr. [ARH] is a man of the utmost integrity and an excellent colleague in the Common Room, and among those in his disciplines of English and History.

I recommend Mr. [ARH] most warmly and will be pleased to add to this reference at any time.

(Dr.) Ian Paterson A.M.
Headmaster
Knox Grammar School 1969-98
