Subject: Re: Urgent

RG Dance came to attention from another dance business that was part of one of the tutor audits. That person indicated there were others and mentioned two names RG Dance being one. A standard letter was e-mailed & posted to RG Dance on 22 May 2012. A phone call was received the same day from Rebecca Davies seeking clarification. She responded by e-mail after hours on the same day saying would comply with obligations. An e-mail detailing how to register & do checks was sent the next day.

John will send you the information from the audit

Hi Michelle

There has been no CSEP certificate issued in that name and we have no record of any Check under RG Dance. It looks like they are not registered at all, unless they are using another name (or somehow registered with another ASA, but this is unlikely).

I have record of a few checks having been conducted for a Grant William Davies, all for private schools with the last one in 2004, however, without a date of birth I don't know if this is the same person.

Sarah

Hi Sarah and Lisa

Can you check to see if we have anything on ccyp records re the dance teacher Grant Davies from RGDance at Chiswick who has been charged with taking photos of young girls and having child pornography? There was another incident in 2007 but no charges laid. He might have been wvcc'd or obtained a Self Employed Certificate or we may have audited the studio at some stage?

The Minister's office has been contacted by the Daily Telegraph and there will probably be follow through media to us so need some background if we have any.

Also, can someone advise what are the privacy restrictions about public release of this information?

Thanks
