Dear Parents/Carers,

As part of the process to offer support regarding the recent events concerning a YMCA worker in our community, I am inviting you all to a meeting to provide some expert advice regarding child protection. The meeting will focus on how you as parents can support your child and deal with unexpected events such as this. This may be of help for those parents still troubled with ongoing concerns in relation to this matter.

The meeting will be Friday 4 November, 2011 at 12.00pm – 1.30pm in the library at Caringbah Public School. Sue Martinov, our District Guidance Officer and the Senior Constable Deb Wilson, Police Youth Liaison Officer will be present. They are both experts in their field and have a great deal of experience in child wellbeing and child protection programs. The session will cover some do's and don'ts for these difficult and challenging situations.

Yours sincerely,

Marcia Vallance
