Hi Audrey/Helen,

Thanks for the information provided below.

As a pre TMF matter I appreciate the level of consultation. In my view, considering the nature, number of claimants and potential cost of the claims; bearing the cost of the mediation is a reasonable idea in this instance.

It occurs to me that In a case such as this generating goodwill, whenever possible, is an important element to achieving an agreement between the parties.

Any queries or further assistance let me know.

James Hahm

Hi Audrey,

Could you confirm the date of the mediation?

Considering the nature of the claim I would be inclined to agree that bearing the costs of the mediation will set the right the right tone for the discussions. Though I await a better idea of the figures involved.

Any queries or further assistance let me know.

Hi James - As you know this matter is scheduled for mediation for 2 days.

The facilities – which will require considerable resources to set up is being organised by the plaintiff's lawyers.

They ask if on those bases we will pay the costs of the mediator. I think we shld as it will even it out and set the right tone for mediation. James I know that this is a pre TMF matter but I wanted tor un this past you as a matter of courtesy. Thanks

Hi Helen – I can not see any quotes for costs in eth TRIM file. I am sure you have provided it but grateful if you could provide the figure so James can consider the request.
