Dr. DAVIS

WEIGHT 22 lbs

12 1/2 yrs

No chest rales 6-8/12. Mother  
has taken her child to school. Let it.

- ① Take ephedrine pr.
- ② See pr only

JLD

Continues to be well. Displacement differential  
seem largely overcome and Jerry no longer  
need to be ill. To be seen once or twice  
this year for a routine check.
