PRECEPTOR - Paramahansa Satyananda

These allegations are michievous and extremely malicious in nature.  
 I am the Director of Satyananda Ashram. Satyananda Ashram is a wealthy organisation  
 with branches all over Australia and New Zealand.  
 For the past twelve months there has been a campaign to discredit the organisation  
 and in particular I have become aware of certain antagonistic rumours about young  
 children living at the Ashram.  
 Such allegations are false and politically motivated. I strongly express the  
 innocense of myself and any existing members of the organisation.  
 I have been advised by my solicitor to answer no further questions.
