

OBSERVATION GUIDELINES

The observer must accompany Victor at ALL TIMES while Victor is present on the AIM campus.

The Observer must maintain a log of:

*what Victor has done during his visit to the campus including noting which student has been taught,

*where Victor has been with times marked (esp. that Victor uses staff toilets only) Check toilets first.

*observer's name.

It is not for Victor to determine what is to be observed or not.

There must be no opportunity for a third party to see that we did not know where Victor was at any given time during a visit to the AIM campus.

The log is to be kept in Dr Marcellino's tray when not in use.
