

15th December 65.

JM

Mr. L.A. Wilson,
Housemaster,
Training Farm for Boys,
BERRY

(Forwarded through the Superintendent)

Your conduct and services

The circumstances of an incident concerning your daughter and inmate **REDACTED** at Berry Training Farm on 3rd December, 1965 have been brought to my notice.

Your actions concerning this boy were a breach of regulations dealing with the punishment of wards and a severe reprimand has therefore been recorded against you. As this is not the first occasion you have been under notice for such improper practices, a very serious view will be taken of any further recurrence.

It is your responsibility as a parent to exercise proper supervision and control over your daughter and to ensure that she is not allowed into situations where she will interfere with the freedom of inmates to play freely without the risk of complaints being made that they have "picked on her".
