

Allegation re Dennis Stett vs Rammeter GTS.

Around 9:10pm on 13/6/73 I received a telephone call from [REDACTED] RB who said she was a Dennis

Officer at Rammeter. She wondered what was a Dennis and said, "the men mentioned are the least operators. Mr Greenham personally operates the girls and Mr Valentine works almost all day with the girls. You've got the least operators from Mr Mayles has been doing it for years.

Dennis, you are making very serious statements there.

Are you prepared to make a statement ^{to the court} on this?"

She said, "No. He has said so for years. You've got the least operators there."

Frank: "Have you seen anything yourself or can you tell me any specific details?"

She said, "He has been talking about, everyone knows I have seen longago girl with black eyes."

I said, "Can you tell me when and of the this happened?"

She said, "No it's been going on for years."

Dennis: "Has long ago you worked at Rammeter?"

She said, "About 13 yrs."

Dennis: "When you told a ghost about this then?"

She said, "No, everyone knows. You've got some very difficult girls there. Tryin' got to be disciplinair you know."

I said, "True, but then are right was it doing that."

Do you think the girl should be operated?"

She said, "No, but they've got to be disciplinair, and women knowin' secrets, you know."

I said, "You've said some pretty serious things. Can you be more specific?"

She said, "That Greenham wants the girls all the time. It's horrible to see. Mayles was the worst."

Mayles was the worst. There's been to kick them down the stairs. I'll tell you to "get them too" arrange for you to be seen

about what you've said to me. We have to clear up the whole
thing. She said "I am too upset to say anything more.
You've got the least offenders there. I'll have to
hang up. This she did.

W. Langton
