The Medical Superintendent
 Prince of Wales Hospital
 RANDWICK. N.S.W. 2031

Dear Sir/Madam,

Re: CIB , d.o.b. [REDACT] 77
 [REDACTED]

This Department received a Child at Risk notification in respect of the abovementioned child on 6/6/91. The notification concerned alleged sexual abuse. A notice was issued under Section 23 of the Children (Care and Protection Act) 1987, which required the mother to present the child forthwith to the Prince of Wales Hospital for a medical examination, and for the medical practitioner to prepare a written report on the examination which is to be forwarded to this Department.

It is understood that the doctor declined to carry out this examination and it would be appreciated if you could advise in writing the reasons why the attending medical practitioner did not carry out the examination when [REDACT] CIC presented CIB at the hospital on 8/6/91.

A photocopy of the Act is included for your information.

Yours sincerely,

Marie Miller
 District Manager.
