CIE (Aged 15) is at risk of sexual harm given disclosure that disability respite worker Royce UNKNOWN (Aged 20's) touched his penis multiple times to the point where CIE became aroused.

CIE is vulnerable given he has severe autism and is non-verbal. Parents are aware and are protective. There will be no further contact between CIE and POI Royce.

The likelihood of harm continuing is low given no access although CIE said inappropriate touching from POI Royce occurred multiple occasions. POI Royce is an employee for three separate NGO disability services (Interchange Respite; The Disability Trust; Focas Disability Services) and separate reports (<24 hour response; transferred to Nowra CSC) and allegation against staff has been completed.

Matter has been reported to Police and Interchange Respite Service. CIE is being supported by psychologist and REDACTED case manager. Further investigations may be warranted.
