STATES—

I live at the Betta Dixon Home in Home 1 with AJZ REDACT ED REDACT ED AJC AKB and my brother AJY and some girls. Mr & Mrs POWELL at the cottage parents.

I think it was in January this year that I went to Coomalie Creek with some other boys camping. We stayed there about seven days and then we came back. After we had been back a few days I was in bed one night with the light on. The two REDACT ED and my brother were in the same room in different beds. We had been in bed a few minutes when Mr POWELL came in and put the lights out. It was dark but AKB bed is next to mine and I saw Mr POWELL rise AKB and then he came to me and sat on my bed and pulled the sheet off me. I was lying on my face and Mr POWELL turned me over and pulled my pants down to just above my knees and started pulling my private. He played with it for a long while and then he stopped. Then he went over to AJC I was just going to sleep and he came back and pulled my sheet off me again. I said "Dont" so he left me and went out.
