P/C received from Mr. John Weekes, Principal Knox on Friday 28/5/04. He informed me that the PSOA had been asked to respond to the preliminary findings, which he had done. The PSOA denied committing any wrongdoing. The Principal indicated that after 'long discussions' with the PSOA, the PSOA had decided he would resign & the school intend to accept his resignation. There were 14 allegations - 6 sustained as grooming / sexual misconduct.

I informed the school that it was their decision whether or not to accept the PSOA's resignation, however, they are still in a position to make final findings & should inform the PSOA of those, as well as their decision to notify CCYP or not.
