6.9.12	P/c to Karen G - left message P/c to K.G. & she advised the information had been received 2 weeks ago. A preliminary review of the info has been conducted. & there doesn't appear to be any breaches of Legislation/Regulations. However DEC will investigate - including a visit to the Centre. She was unable to provide timeframes. They will be looking at staff/child ratios among other things. I advised that the Centre had temp. engage an external investigator who we are satisfied has the skills knowledge & experience to conduct the investigation.
