

STATEMENT

Name: Abraham GLICK

STATES:

My full name is Rabbi Abraham GLICK; my date of birth is the 13th of July, 1946. I am a teacher at Yeshivah College, St Kilda East. I have been at Yeshivah since 1970. I previously held the position of Director of Youth Activities. I was the College Principal from 1986 to 2007. I currently hold the position of teacher.

I have been asked by Detective Senior Constable Scott HORNIDGE to provide a statement in relation to an investigation he is conducting into a former teacher at Yeshivah by the name of Rabbi David KRAMER.

I understand the investigation is in relation to allegations made by former students against Rabbi KRAMER dating back to the early 1990's.

To my knowledge Rabbi KRAMER was dismissed from the college by Rabbi Yitzchok Dovid GRONER (now deceased) as a result of a complaint made against him by a student in 1992. To my knowledge there were no reports made to police at this time.

The student in question was REDACTED I have since had contact with his mother REDACTED and she has told me that REDACTED wants to put this matter behind him.

This contact was approximately one year ago after I was contacted by someone in Missouri wishing to build a stronger case against KRAMER in relation to KRAMERS court case in the United States.

Revised 08/08

VP Form 287A

Also around this time I received a phone call from REDACTED who is now residing in the United States. REDACTED told me that he had been molested by KRAMER when he was a student at Yeshivah in the early 1990's. REDACTED was concerned for the current procedure we had in place for todays students.

Currently the college is fully compliant with the working with children check requirements a government policy that helps protect children from physical and sexual abuse. The college is also fully compliant with the mandatory reporting legislation in Victoria introduced in 2005.

I am not aware of any further allegations against Rabbi KRAMER having being made at the time. I am as is the college willing to assist police in any way possible.
